Product Summary

earthborn®

Product Description

Earthborn EcoPro Eggshell is a trade paint which is a low odour, environmentally sound alternative to conventional eggshell and is available in the full BS4800 colour range.

Earthborn Ecopro Eggshell dries to an attractive sheen finish that provides durability, washability and scuff resistance – but with the added benefit of being a true eco paint. The unique formulation is totally oil and acrylic free, with minimal VOCs. This results in a breathable, high performance product.

Suitable for use on interior walls, ceilings and woodwork, it's the complete all-rounder. For applications where a primer is required, [Earthborn EcoPro Matt Emulsion](#) can be used.

Application Method

Brush, roller or spray

Touch dry in 1-2 hours. Re-coat after 6-12 hours

Size

750 ml & 2.5 litre

Coverage

Up to 14 m² per litre

Note: Coverage will depend on substrate and application method
