### Product Summary

## Product Description

Earthborn Furniture Wax is a clear wax that provides a protective satin finish to interior wood surfaces.

Earthborn Furniture Wax dries to leave a clear satin, water repellent surface that is fully moisture permeable. It's dirt resistant and anti-static. Quickly dries for polishing. Easily maintain worn areas by re-applying wax.

Use on most interior absorbent surfaces, especially wood, cork, un-glazed tiles and as a finish on furniture painted with Earthborn [Claypaint](#).

Waxed surfaces will remain breathable, protected and maintained, repelling water, dust and grease.

### Drying Time

Polish after 30-45 minutes (depending on drying conditions).

This product needs several days to fully cure. During this period, wipe any spills or liquid immediately.

(N.B. NOT recommended for floors or other heavy-duty surfaces)

### Approximate Coverage

400 ml = 20 m<sup>2</sup>
