- Lime Putty Filler (Fine & Coarse) ( )Size: 1 Litre, Grain: Coarse
- Lime Putty Filler (Fine & Coarse) ( )Size: 2.5 Litre, Grain: Coarse

## Product Description

Lime Putty Filler is a naturally pure white filler. It is available in two grades, fine and coarse. It can also be coloured to better match existing limewashed walls.

Lime Putty Filler uses mature lime putty, blended with select fine aggregate to produce a rich filler for internal repairs.

For external cracks and repairs we suggest a more resilient filler based on a natural hydraulic lime blend using [Secil Finishing Render](#).

Use **Fine** filler for very thin hairline cracks that will feather in for seamless repairs.

Use **Coarse** filler for larger cracks from 1 mm to 2 mm.
