Product Description

Pavan 816/PIT Ultra Thin Burnishing Trowel with an ultra thin stainless steel blade. Trapezoidal shaped with a plastic support.

Flexibility and toughness are guaranteed by Pavan under all working condition. The Pavan 816/PIT is assembled by welding. This is followed by rigorous testing for load bearing and x-rayed to check correct joining.

An exclusive lip process ensures the perfect application and quality of the final polishing operation.

Manufacturer

Pavan Ernesto & Figli S.p.a. is a family COMPANY located in Arcade near Treviso, rich in history and traditions.

It is the only Italian manufacturer which designs and produces all the components of a wide range of building tools, including trowels, scrapers, brushes, knives, finishing trowels and fine arts tools.
