Introducing YOSIMA Clay Plasters

We are now stocking Claytec's new YOSIMA range of self-coloured clay plasters. Produced from natural materials these plasters create muted earth palettes taking inspiration from the natural world.

You can choose from an extraordinarily rich palette of earthy colours for your own personal space. The YOSIMA colour diversity results from the mixture of pure raw clays which provide the natural pigmentation. The YOSIMA EDITION is a selection of the 12 best combinations of these self-coloured plasters. Check our website for further information and prices.

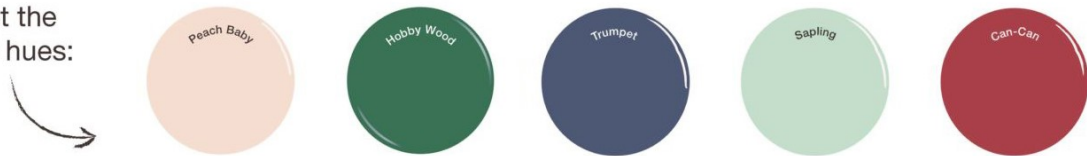

New Claypaint Colours

earthborn® have extended their range of highly breathable claypaint colours with 5 exciting new editions. Which one will add a splash of colour to your home?

Much Ado About Lime

We are in the season for painting and decorating and many of you are considering limewash.

Shakespeare's Globe Theatre was rebuilt in 1997 using oak from English forests and bundles of thatching reeds from Norfolk. It is now having a fresh coat of white lime wash from Mike Wye and Associates.
