## New Year, New Look

To mark the start of our 2017 programme of training courses we have revamped our polished plaster training room with examples of the different specialist finishes we both supply and provide training for.

With examples of Tadelakt, Stuccolustro, Venetian and Marmorino plasters, course participants can get a real appreciation of the materials they are working with and the stunning impact these finishes can provide.

Dates for all our 2017 practical training courses including Tadelakt, Polished Plaster, Practical use of Lime, Lime Plastering and Natural Paints can be found on our website.

Why not start the new year with a new skill?

## Upcoming events

Can't make it to Devon to visit us? No problem— we are coming to a show near you!

Already confirmed for 2017 is our attendance at the Build It Live February show in Kent, the LPOC February show in London and the Build It Live June show in Bicester.

If the opportunity to come and see us isn't enough of an incentive, we can also provide free tickets for each event!

Contact our office for details.

## 20% discount on Timber Treatments

Protecting the built environment

As Spring rapidly approaches attention moves towards repairs and renovations and all those jobs that were put off last year. We know timber treatment isn't the most exciting of tasks but with a 20% discount on our ACS Timber Treatment products throughout February and March, at least it won't be an expensive one.

The full range of ACS products can be found on our website.

## GEOCELL foamed glass floor insulation sales go through the roof!

With its excellent thermal values and low price, 2016 saw a record number of projects choose GEOCELL foamed glass as the material of choice for their traditional and ecological developments. If you would like more information on GEOCELL visit our website or contact the UK Technical Sales Executive, Carl Sanger on 01409 251184 or [sales@geocelluk.com](mailto:sales@geocelluk.com).
